HOW WILL **YOUR** STORY TAKE FLIGHT?

To view the full results for the scale survey, visit www.SpruceCreekHighSAC.weebly.com. To view the open-ended response questions, please visit our Curriculum AP in the main office. We cannot post those results on-line because of names mentioned in comments for confidentiality reasons.

Thank you to everyone who took this year's survey!

16% of SCHS families (378 out of 2310 families)

51% of SCHS faculty and staff (96 out of 189 employees)

38% of SCHS students (1017 out of 2652 students)

This is the highest percentage of families to complete the survey ever!

The survey, which is the same as last year, was a national survey provided by the district, so the verbiage was not ideal for our stakeholders. Many people continued to report that they didn't like that the questions were stated so absolutely. For example: "All of my child's teachers give work that challenges my child." They felt that this skewed the results down.

The responses for each question were ranked and averaged similarly to how you would calculate a GPA.

Strongly Agree = 5 points

Agree = 4 points

Neutral = 3 points

Disagree = 2 points

Strongly Disagree = 1 point

Not Applicable = 0 points

With an average of 3 being a neutral response, **any question with an average above 3.5 would be a positive response**, 3-3.5 would be neutral, and **anything below 3 would be negative**. All questions were phrased positively, so a negative response would indicate an area for improvement.

What did we learn?

STUDENTS

Strengths

The following things came up repeatedly in the open ended responses for what students like best about SCHS. They are proud to attend SCHS. They feel challenged and supported. They feel very connected to specialized programs like academies, sports, clubs and IB. They feel supported by most of their teachers and administrators. They feel connected and appreciate the electives we offer, especially the fine and performing arts. They really like the songs at the beginning of the announcements.

Areas for Improvement

Some of the areas for improvement are the same as last year. They include the state of the bathrooms (soap and paper towels are rarely full) and the general lack of cleanliness, which was mentioned in nearly all open-ended questions provided. They expressed concern that some teachers don't always listen to them. There was also quite a bit of concern about the uniform policy.

PARENTS/FAMILIES

Strengths

The following were notable items or trends in the open ended question responses from parents. They believe SCHS is easily the best school in the district. At SCHS we provide a large number of opportunities for students to excel and find areas of interest, especially in the arts and different clubs. There is a lot of school spirit. The principal is very actively involved in all aspects of the school and is easily accessible. We have some great teachers who always go above and beyond. They feel their children are safe at Spruce Creek and that they are receiving a quality education.

Areas for Improvement

The following things came up repeatedly in the open ended responses as areas for improvement. The facilities are too small and the cleaning is still not up to the standards we should expect for our students. Parents are frustrated when teachers do not update grades or communicate in a timely manner. Several mentioned concerns that students who are not involved in a specialized program or sport can fall through the cracks.

FACULTY AND STAFF

Strengths

Our faculty and staff are overall proud of our school. They feel supported and like our school is a family. They like our tradition of excellence. They love our students and many say they would not want to be anywhere but here.

Areas for Improvement

The areas of concern mentioned in the open ended questions include facilities issues including cleanliness, the grounds, and temperature control, especially with the portables and student bathrooms. At a school level, the lack of follow through when someone is not being a team player and a lack of consistency between administrators for evaluations is still a frustration for many this year. They also continued to mention a lack of time. They also expressed concern with this climate survey in the fact that it used "ALL" too much.
